

AI SEO + GEO™

Appear in AI Answers, Not Just Google Searches
Traditional SEO is no longer enough.

AI now answers most questions directly. If AI doesn't mention your brand, customers won't see you. GEO™ (Generative Engine Optimization) ensures your brand becomes a trusted source in ChatGPT, Gemini, Perplexity, Copilot & Google AI Overviews.

WHAT'S INCLUDED

AI Visibility Score + Sample Search (Free)

We show how AI platforms currently describe your brand vs competitors. Includes:

- Entity recognition
- AI summarization accuracy
- Citation sources
- Visibility Score
- Competitor comparison

Entity & Semantic Audit

We map how AI understands you:

- Expertise
- Categories
- Services
- Locations
- Authority signals

Press & Insights Hub (Your Authority Engine)

We build a content hub designed specifically for AI indexing, including:

- Press releases
- Articles
- Expert commentary
- FAQ libraries
- Whitepapers
- Schema markup

This is the #1 driver of AI citations.

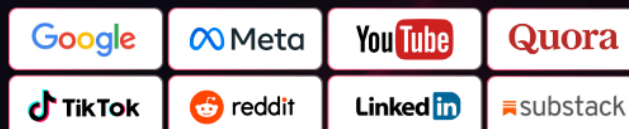

Monthly Authority Content + PR

- 1 press release / month
- 4 long-form articles
- 20 - 40 quarterly FAQs
- Quarterly whitepaper
- LinkedIn + Medium publications
- YouTube summaries (AI scrapes transcripts)

LLM Index Optimization

We publish to AI-scraped platforms:

BUSINESS OUTCOMES

- ✓ Higher AI visibility
- Your brand becomes a "trusted source"
- ⚡ More qualified traffic
- 🔍 Improved brand authority in search
- 📊 Sustained ranking in AI answers

PRICING

Small Business: \$2,000-\$4,500/mo

Growth: **\$5,500-\$9,500/mo**

Enterprise: **Custom**

Ideal for: Brands looking to dominate AI search, strengthen digital authority and scale high-impact content — from professional services and local businesses to national retailers, franchises and high-growth startups.
